DETAILED ACTION

Allowable Subject Matter

1. Claims 2-22 are allowed over the prior arts.
2. The following is an examiner's statement of reasons for allowance:
 - a. Applicant disclose a system/method to provide a method and system in which a JACS correlates software product usage information with process related event information. The system/method determines how to charge back the cost of software products to the users commensurate with their usage. Applicant's system/method is novel and innovative in the sense that is a JACS develops a chargeback data that is applicable to charged entities that are separate of and unrelated to the software product licensors and to the specified license feeds and the JACS allocates the license fee in accordance to a predefined criteria based on the charges entities utilization of software or the computer facilities. The prior art Hughes (U.S. PG Pub No. 2005/0198239) discloses a method and apparatus for operating a computer system including at least a server and a client that are connected to each other by a type of connection. Hughes fails to teach or suggest a JACS develops a chargeback data that is applicable to charged entities that are separate of and unrelated to the software product licensors and to the specified license feeds and the JACS allocates the license fee in accordance to a predefined criteria based on the charges entities utilization of software or the computer facilities as disclose by the Applicant.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue
